Definitive Material Agreement – Red Única Project

Colombia Telecomunicaciones S.A. ESP BIC reports that today it has signed a framework agreement with Colombia Móvil S.A. E.S.P for the implementation of a single mobile access network through an independent company, as well as for sharing permits for the use of radio spectrum through a Temporary Union.

The completion of the transaction is subject to obtaining the corresponding regulatory authorizations and the respective contractual stipulations.

On the closing date, commercial contracts will be entered into between Colombia Telecomunicaciones S.A. ESP BIC and Colombia Móvil S.A. E.S.P, as well as between them and the new company.
